UGANDA ELECTRICITY GENERATION COMPANY LIMITED (UEGCL) has commissioned Phase 1 of the Community Development Action Program (CDAP) in the districts of Kayunga and Kamuli after the commissioning of the 183MW Isimba Hydropower Station.

All the activities under CDAP have been fully supported with funds from Government of Uganda. This has had a positive impact on the livelihoods of the communities in Kayunga and Kamuli.

Under its Corporate Social Responsibility initiatives, UEGCL has contributed maternity beds, adult patient hospital beds and mattresses to Buluuya Health Centre II and Nankandulo Health Centre IV.

H.E Gen. Yoweri Kaguta Museveni - President, Republic of Uganda cuts the ribbon to commission the 183MW Isimba Hydropower Station on 21st March, 2019.

Dr. Eng. Harrison Mutikanga – CEO, UEGCL leads Rt. Hon. Rebecca Kadaga – Speaker, Parliament of Uganda on an inspection of the new general ward at Buluuya Health Centre II in Kamuli District.

Dr. Eng. Harrison Mutikanga - CEO, UEGCL

The project covers the selected 5 schools, 7 health centers, 5 sanitation facilities and a technical institute.

These facilities will reduce on the burden of spending alot of money on transport to Kamuli town, Jinja and other places to look for health services. I am grateful to UEGCL for this contribution.

Rt. Hon. Rebecca KADAGA
Speaker of Parliament

I urge the community leaders to follow suite in protecting and maintaining these newly handed over facilities.

Dr. Eng. Harrison E. MUTIKANGA - CEO, UEGCL
ABOUT CDAP

CDAP is a program by the Government of Uganda that was formulated to mitigate some of the social impacts that arose during the construction of Isimba Hydro Power Station in the communities of Kayunga and Kamuli districts respectively. This program was formulated in order to bridge the gap in terms of the increased pressure on local social infrastructure, social services, livelihoods, and natural resources among others.
